

# P5000-2

## Triple Voltage High Power UPS

Magnum Energy 120/240 VAC 60 Hz or 230 VAC 50 Hz pure sine wave inverter/charger options for mobile and off grid applications. The MS-E Series is powerful, easy-to-use, and best of all, cost effective.

Power Factor Corrected (PFC) Charger: Our PFC charger is built into all of our inverter chargers. It uses less energy from a generator than a standard charger – using 25-30% less AC current than standard chargers.

Batteries vary in size depending on need

### General Features and Capabilities

Transfer relay capability 30 amps AC

Five stage charging capability Bulk, Absorb, Float, Equalize (requires remote), and Battery Saver™

Battery temperature compensation Yes Battery Temp Sensor standard

Remote available (optional) Yes, ME-RC50

Internal cooling 0 to 120 cfm variable speed drive using dual 92mm brushless DC fans

Overcurrent protection Yes, with two overlapping circuits

Overtemperature protection Yes on transformer, MOSFETS, and battery

Conformal coating on PCB's for corrosion protection Yes

Powder coated chassis & top for corrosion protection Yes

Stainless steel fasteners for corrosion protection Yes

Warranty Two years
